Summary

As a top-performing Computer Engineering student with a passion for coding, AI, and ML, I excel in challenging environments and consistently deliver outstanding results. My unwavering dedication, focus, and commitment to excellence make me an ideal candidate for Huawei's Seeds for the Future program, where I aim to further grow my skills.

Skill Highlights

- Full Stack Developer(React/Node)
- Strong decision maker
- Complex problem solver
- C/C++
- Innovative
- AI/ML - Beginner

Projects

- **Chat Application**
 1. Web app for one to one communication between friends using socket.io for real time communication
- **Ecommerce**
 1. Web app for shopping with different products category
 2. Adding products to the cart and generate the bill in real time
- **Auto-Grader**
 1. Web app built during Hackathon to assist in teaching process through auto-grading mechanism of AI.
 2. Fine-tuning and prompt-engineering. Also pitched the business model for it and got best presentation award.
- **Movix**
 1. Web app where you can view the details of the movies
 2. Can watch trailer and cast details

Education

Pulchowk Campus, Tribhuvan University

- Bachelor's In Computer Engineering
- First Semester – 84% Second Semester – 81% Third Semester - 83%

Xavier International College

- Completed my +2 -3.66 GPA

Subhakamana English Boarding School

- Completed my SEE -3.85 GPA

Certifications

- Modern React with Redux – From Udemy
- Basic Web Design Training – ACES

Awards

- Best Presentation - Hackademia
